THE PRESIDENT AND SILVER.

The Omaha Bee says President Harrison is said to favor another international conference for the establishment of a bi-metallic standard of money. There is probably a better chance now of bringing about such a conference than there has been at any previous time in the past eight years, or since the last conference was held. The attempts made within that time to induce the European governments concerned to confer on this subject received no encouragement. Both England and Germany declined to reopen the question, and the last person sent to Europe to ascertain the sentiment there, Mr. Manton Marble, reported that he found the consensus of opinion opposed to any change, and he expressed the conviction that the United States might as well drop the matter, so far as the interested countries of Europe were concerned.

There has been a notable change of sentiment abroad, however, since Mr. Marble made his report; among the people at least, if not on the part of the Governments. Bimetallism has been gaining friends in Germany and England and among its staunchest advocates in both countries are men who, a few years ago, were arrayed against it. It was shown, a short time ago, that bimetallism had a very strong support in the German parliament, and quite recently Mr. Goschen, Chancellor of the British Exchequer, gave a public expression favorable to it. The English royal commission on gold and silver, appointed last year, was equally divided as to the advisability of inviting the United States, Germany and the countries forming the Latin Union to join in consultation with Great Britain and her colonies to discuss the expediency of fixing a ratio at which the coins of either metal should be available for the payment of all debts at the option of the debtor.

These recent circumstances show that the chance of securing an international conference to consider the question of a uniform standard for gold and silver money has improved, and suggest that if a movement for this purpose on the part of our Government were not at once successful it is reasonable to believe it would be during the life of the present administration. But in the event of such a conference being brought about, is there any substantial reason for supposing it would accomplish anything? The European Governments would not be likely to appoint representatives who favor bimetallism, and the popular sentiment favorable to a change is yet far to weak to cope with the mighty influence of the money power. Europe is controlled by an aristocracy of accumulated capital; and so long as that vast power demands that the present condition of affairs shall remain, the people will be unable to induce the Governments to make any change, though they may not decline to discuss the matter.

While, therefore, the chance is better now than for a number of years of bringing about an international conference, the probability of its accomplishing anything has not very greatly improved. It is certainly advisable that this Government should endeavor to secure a conference, and having done so we may properly, in the event of failure, consider whether justice and self-respect do not require the United States to ignore the action of Europe with regard to silver and join with the rest of mankind in the establishment of a common ration between the two metals. Possibly independent action of this kind would be the best argument we could bring to bear on Europe.

Maj. General Schofield contemplates an inspection tour of the Western military posts during the latter part of this month. His programme is not yet matured, but being his first trip as commanding General of the army, it will probably be extensive, taking in the cavalry and artillery school at Fort Riley, the new posts undergoing construction near Denver, Chicago, Fort Russell, Wyoming Territory, and Forts Niobrara and Robinson, Nebraska and other less important posts. The prime object of the prospective trip is to ascertain the progress of construction at the new posts and to consult with the commanding officers in regard to the allotment of the funds from the appropriations for the next year to continuing improvements.

The new Administration may not be definitely pledged to the abolition of the pale green 2-cent stamp, but every promise it has made of reform in general terms involves such an act, and we are not sure but President Harrison's oath of office itself carries with it the moral obligation to appease the clamor of the New York Sun in regard to that stamp.

Mr. Uhl, who is painting Mr. Cleveland's portrait for the Corcoran gallery, says the ex-President is a patient sitter. That is a trait about most of the sitters that Mr. Cleveland left in office when he went out. Few of them show the least sign of impatience over the arrival of others to take their places.

Chauncey M. Depew, Calvin S. Brice, Stephen B. Elkins, ex-Postmaster General James, and Uncle Rufus Hatch are all members of the Saturday Night Club of New York, the membership of which is said to represent more than $150,000,000.

AN IRRIGATION SYSTEM.

What Will Be Done During the Coming Year.

WASHINGTON, April 10.—The Geological Survey has at last mapped out the work which it will perform the coming summer in regard to the investigation of what can be accomplished by irrigation of the vast amount of arid lands of the West. Major Powell, the director of the survey, said to the Chronicle correspondent to-day that he intends to use the $250,000 appropriated by Congress to the best possible advantage. His work during the coming season, however, is said, would be mainly experimental. He will survey a few representative localities. The Truckee river is one. The storage capacity of the points which furnish the water for the Truckee will be examined and surveyed, and reservoirs constructed; also the ditches and canals for the distribution of the waters will also be surveyed. This will show what land can be irrigated on the Truckee when the water is stored. The cost of the work will also be estimated. This will enable parties desiring to reclaim the land to know in advance exactly what they can do. Major Powell said his department will also furnish a Board of Engineers on the Carson and its tributaries.

Another important survey will be of the Arkansas in Colorado. This survey is already in progress. A very large amount of land will be reclaimed under this system. Besides this examinations will be made and surveys inaugurated in the San Joaquin valley and other points in California and also along the Snake river in Idaho. He says that more or less exploration will be made in every State and Territory where irrigation is required. It will be impossible to complete the work in very many places, but enough will be done to illustrate the subject and indicate the policy of the Government in the matter.

Major Powell will accompany the Committee on Irrigation and Reclamation of Arid Lands, which will leave St. Paul about the 1st of August. He has, he says, designated a competent engineer in every State and Territory to collect information for the purpose of the survey and also for the use of the committee. Much interest is felt on the subject of irrigation, and he states that he hopes to secure important legislation at the next session of Congress which will be of great benefit to this question.

The only colored man in Congress is in Washington looking after the affairs of his constituents, especially in the direction of postoffices. His name is H. P. Cheatham, and he was elected to Congress from the Second District of North Carolina by 453 majority over his Democratic competitor, Mr. Simmons, who was a member of the last Congress. Mr. Cheatham is about 35 years of age, and is a bright mulatto. He is well educated, and in his native State has quite a reputation as an orator, having delivered several addresses before literary societies which attracted favorable comment. Previous to his election to Congress he was Recorder of Deeds in Henderson, N. C., which is his home. A determined effort was made to defeat Mr. Cheatham. His name was spelled wrong, and some of his supporters were prevented from going to the polls for fear of discharge from work. It is said that just before the polls opened there was a meeting of the leading Democrats in the district, and it was proposed that the ballot-boxes should be handled in the manner peculiar to "Southern Bourbons," and which would have resulted in Mr. Cheatham's remaining at home as a private citizen, certainly during this session of Congress. The plan failed, however, because of the protest of Dr. Cheatham, in whose family the new Congressman was raised. The doctor declared that while he never had voted and never expected to vote for the Republican candidate for any office, he was determined that justice should be done him in the counting of the vote cast. Nothing more was said about the matter, and Mr. Cheatham was awarded the certificate of election, which he has fairly and legally won.

Candidates for the vacancy on the Supreme Bench are increasing rapidly. By common consent Judge Gresham heads the list, but President Harrison has given no intimation of his choice, and the public is likely to be surprised by the selection of an unknown. Ohio claims the position because the late Stanley Matthews was a resident of the State, and J. Warren Keifer, ex-Speaker of the House of Representatives, is being pressed for the appointment. Hon. J. A. J. Creswell, of Maryland, is also in the field. But the present vacancy will not be the only one during the Administration of President Harrison. It is generally believed that Justices Miller, Field and Bradley will soon retire. They have each reached the age of seventy years, and, under the law, can voluntarily retire on full pay—ten thousand dollars a year. These facts must encourage candidates to urge their claims. By becoming prominent in the present contest they are not likely to be overlooked in the future.

The Board of Inspection and Survey of which Admiral Jouett is President, is to be officially present at the celebration at New York on the 30th inst., and the Commandant at the Navy Yard has been instructed to send all vessels in commission to an anchorage in North river.

Ex-Senator Riddleberger, of Virginia, although disfigured is still in the ring. He has applied to the President for the Dublin consulship.

PRESIDENTIAL APPOINTMENTS.

Collectors of Internal Revenue Will not Be Appointed Until May.

WASHINGTON, April 10th—It is not believed that any new Collectors of Internal Revenue will be appointed within the next three weeks. On the 1st of May the Collectors issue retail license stamps throughout the country. This is an immense work, thousands of stamps having to be signed. The Collectors have usually begun this work about the 15th of April and continue it until the 9th of March. If the Collector was removed after he had begun this work and before the 1st of May, all the stamps signed by him would be of no value and the work would have to be done over again. For this reason the policy of the Treasury Department will be to make no change in the places from this time until after May 1st.

The President and his Cabinet officers are considering the selections for the more important appointments with great care and deliberation. The desire for haste is not permitted to interfere with their calm judgment. The smaller matters will have to come later, and in a measure will depend upon the greater. The President receives more appeals during the two hours each day he gives to visitors than he can begin to consider during the rest of the day, and as a matter of course work is accumulating upon him.

Civil Service Reform List.

A number of Government clerks are talking up the establishment of a Civil Service retired list that bids fair to obtain the sanction of the Government employes all over the country and probably in the end will receive Congressional support. The proposition is to create a Pension fund by subscription from the employes. No appropriation will be asked for. All that is requested is an Act to legalize the measure, which proposes to deduct from the pay of every clerk the sum of $1 monthly for the purpose of establishing a fund from which there shall be paid to every clerk who may be retired the sum of $40 per month. All clerks who have served thirty days are to be eligible for retirement. Service in the army or navy can be added to service in the Department. The proposition has received the indorsement of many veterans of the Civil Service, and of young men as well who see a way clear to promotion by the retirement of the old men. A number of the bureau officials of the War Department are in favor of the measure, and will probably recommend it in their annual reports.

Senator Stanford's Start.

Senator Stanford was telling the other day how he earned his first money, and laid the foundation of his fortune, and strange to say, it was selling horse-radish roots. He was quite a boy at that time, thirteen or fourteen years old, and lived with his father in the Mohawk valley on a farm a few miles from Schenectady. After school hours he used to dig horse-radish roots which the hired man carried to market every week and sold. Mr. Stanford said he often made as much as ten shillings a week in this manner. But the great enterprise of his youth was in cutting down a field of timber and hauling the logs to the saw mill. This he did one Winter and collected several hundred dollars with which he paid for his lectures at the Albany law school.

Russell Harrison Arrested.

NEW YORK, April 11.—Russell Harrison was arrested this afternoon in the office of The Judge, in the Potter building, on a charge of having published in the Montana Live Stock Journal an article taken from a Buffalo paper accusing Governor Schuyler Crosby, of Montana, with having stolen jewels from a Washington lady. Harrison gave bail in the sum of $1,000.

The President has appointed Lyman E. Knapp, of Middlebury, Vermont, Governor of Alaska.

Filled With Prisoners.

The Silver State says:

There are now twelve prisoners in the Humboldt county jail, eight of whom are serving sentences for petty offenses, and four of whom are held to answer before the Grand Jury. All those prisoners, with the exception of two Indians who are in jail for disturbing the peace while drunk, are strangers, tramps who came through here and committed some crime for which they were arrested. Eight of the prisoners are being utilized improving the streets.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhœa, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. feb. 21-sw1-1y.

WHAT ON EARTH

Is the reason people will not, can not or do not see any difference in cheap nostrums put up by Cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal prices? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as BRIGGS' BLOOD PURIFIER AND BLOOD MAKER, and every bottle that does not do its work will cost you nothing.

OSBURN & SHOCKLEE, Sts.

THE MILE RECORD.

The Proposal to Pit Geraldine Against Al Farrow for a Mile Dash.

The San Francisco Alta says:

C. B. Tupper yesterday received a telegram from Dwyer Bros., of Brooklyn, making the offer of $20,000 for Al Farrow. The offer was promptly declined. Mr. Tupper says Al Farrow is not for sale. Al Farrow ran a mile in 1:40 at San Jose, the only horse that has beaten that record, being Ten Broeck, who ran it at Louisville, Ky., having passed the wire with a start in 1:39¾ to make a record.

At San Jose Al Farrow was weighted at 93 pounds, but actually carried 98 pounds, the jockey being five pounds over weight, and, furthermore, he started fully two lengths behind the field. Taking these facts into consideration there is little doubt but that the record of 1:39¾ will be broken. Mat Storm's Grover Cleveland made the mile in a one and a half mile race at Sacramento in 1:39, and Haggin's Firenzi could certainly make as good time, but hitherto Firenzi has not run with a horse to cause her to extend herself. Porter Ashe's Geraldine has been doing some good work at San Jose, and it having been mooted that Al Farrow will be run against time on the last day of the meeting of the Blood Horse Association, it has been suggested by a number of turf men that a special race of a single mile dash be arranged during the meeting for the purpose of pitting Geraldine against Al Farrow. Such a race would provoke unbounded interest, and the record of 1:39¾ would be broken to a moral certainty, if the track was fast.

ROYAL

BAKING POWDER

Absolutely Pure.

This powder never varies. A marvel of purity, strength, and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight, alum or phosphate powders. SOLD ONLY IN CANS.

ROYAL BAKING POWDER CO.,
106 Wall St., New York.

nov1-d&w

TEHAMA COUNTY,

10,378 27-100 Acres.

Township 25 N, Range 7 W, Mt. Diablo Meridian.

This township lies on the eastern slope of the **Coast Range** of mountains, and from 13 to 20 miles west from **Red Bluff**, the county seat of **Tehama County**. The field notes of the U. S. Surveyor who laid out this township, says "This township is well adapted for grazing, as it affords pasturage for large herds of cattle. It is well watered by the various tributaries of **Elder Creek**. It is also very valuable for its timber, which consists of a heavy growth of yellow and sugar pine, spruce, and cedar. There is a heavy undergrowth of chaparral, chemical and manzanita." The even sections are in most instances government land, so that the parts most valuable as adjuncts to this range might easily be secured at government price, namely, $2.50 per acre for single quarter sections.

In Section 9, coal was discovered recently by some herders, but nothing has been done to develop the mine, although samples which have been tested show the coal to be of excellent quality.

We are assured that a Railroad heading for the Coast, and running through the Coast Range timber belt will be built very near this ranch. Price for the whole, consisting of 10,378 27-100 acres will be $35,000.

TERMS:—One-third cash, and balance in two equal yearly payments. Apply to

250 Beautiful Lots For Sale!

A RARE CHANCE FOR AN INVESTMENT AND A HOME.

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Avenue Riverside Driveway—Splendid Sewerage—Healthy Loaction and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the Tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the westat a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soilis a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe fromfire than any other section The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

RENO

Reno's geographical position is excellent. It is on the line of the Central Pacific Railroad, only 154 miles from Sacramento, and 244 miles from San Francisco. It is the terminus of the Virginia and Truckee Railroad running south, and of the Nevada and California Railroad running north. It has two Flouring Mills, Planing Mills, three Nurseries, a Soap Factory, Reduction Works, and other industries. A great Woolen Mill and a Sash, Door, Blind and Box Factory, are about to be established.

Reno has the Bank of Nevada with $300,000 capital, and the First National Bank with $200,000 capital. It has two fine papers in the DAILY and WEEKLY NEVADA STATE JOURNAL and the Daily and Weekly Gazette.

Reno is the natural home of the Alfalfa, and therefore the great cattle headquarters of the State. Here are fed the prime beef for the California market. Reno potatoes are the best in the world, and she also excels in Strawberries and the small fruits. Reno Wheat took the first prize at the great New Orleans Exposition.

The State Fair is always held at Reno.

Reno is the County Seat of Washoe County, the wealthiest county in Nevada.

RENO!

Has 5,000 Population and is Growing Rapidly.

The Loveliest Town!

The Cleanest Town!

The Wealthiest Town!

The Healthiest Town!

RENO

Is Supported by the Richest Farming Country of Nevada, Northern California and Southern Oregon.

RENO

Has no equal in Nevada or California for salubrity of climate, wealth of soil, diversity of products and stability. Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule.

Facilities for irrigating surpass any in the State and there is no failure of crops. Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools.

The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented. The Reno Gas Co. supplies gas for all purposes. The streets of Reno are lighted by electricity.

RENO!

Is the Railroad Center of Nevada.

RENO

Is the Educational Center of Nevada.

RENO

Is the Healthiest Town in Nevada.

RENO

Is Great, and Alfalfa is King!

The Safest Investment

IN THE STATE

RENO

Is the Cheapest on the Coast in comparison with that of other cities.

LEGAL.

Mining Application No. 587.

UNITED STATES LAND OFFICE,
CARSON CITY, Nevada, February 26, 1889.

NOTICE IS HEREBY GIVEN THAT THE Washoe Quicksilver Mining Company, a corporation existing under and by virtue of the State of Nevada, by Thomas Reynolds its President and attorney in fact, whose Postoffice address is Virginia City, Storey county, Nevada, has this day filed his application for a patent for the claim of the Washoe Quicksilver Mining Company consisting of the following described five divisions: No. 1, Lafayette, No. 2, Horseshoe, No. 3, Mary Ann, No. 4, Gladstone, and No. 5, New Denmark, each of 1,500 linear feet on the quicksilver deposit, bearing quicksilver or any other precious metals connected therewith, with surface ground 600 feet in width each, all situated in Steamboat Mining District, county of Washoe Nevada, and designated by the field notes and official plat on file in this office as Lot No. 42, in Section 32, Township 18 North, Range 20 East, M. D. M. Said lot No. 42 being described as *follows*:

Field notes of U. S. Survey, no. 42, Township 18 North, Range 20 East, Mount Diablo base and meridian, claimed by the Washoe Quicksilver Mining Company, and consisting of five divisions: No. 1, Lafayette, No. 2, Horseshoe, No. 3, Mary Ann, No. 4, Gladstone, and No. 5, New Denmark, and the mining premises appertaining thereto, situated in Steamboat Mining District, county of Washoe and State of Nevada.

Field notes of Division No. 1, Lafayette, U. S. survey, No. 42, in Sec. 32, Township 18 North, Range 20 East, Mount Diablo Meridian. Beginning at the southeast corner of Lafayette division No. 1, at a post marked "Lafayette P. No. 1, W. Q. M. Co., U. S. Survey, No. 42," and running, thence

First course—N 17 degrees .05 minutes W, at 750 feet intersected post No. 4, of Division No. 5, New Denmark, U S Survey, No. 42, T 18 N, R 20 E, M D M, 1,500 *feet to* post marked, "Lafayette P No. 2, W Q M Co, U. S. Survey, No 42," identical with post No. 1 of Division No. 3, Mary Ann, U S Survey, No. 42; thence

Second course—S 72 degrees 55 minutes W, at 300 feet left center monument 600 feet to post marked "Lafayette No. 3, W Q M Co., U. S. Survey No. 42," identical with post No. 4, of division No. 3, Mary Ann, U. S. Survey No. 42, and post No. 1, of division No. 4, Gladstone U S Survey, No. 42, and post No. 2 of Division No. 2, Horseshoe U S Survey No. 42,

The ¼ section corner in north line of section 32, T 18 N, R 20 E, M D M, bears from said post No. 3, of division No 1, Lafayette, U S Survey, No. 42 N, 21 minutes west, distant 1,868 feet; thence

Third course—S 17 degrees .05 minutes east, 1,500 feet to post marked "Lafayette P, No. 4, W Q M Co., U S Survey No. 42" identical with post No. 1 of Division No. 2, Horseshoe, U S Survey, No. 42, thence

Fourth course—N 72 degrees 55 minutes E, at 300 feet left center monument, 600 feet to post marked "Lafayette P. No. 1, W Q M Co, U S Survey, No. 42," the point of beginning, containing 20.66 acres.

Field notes of Division No. 2, Horseshoe, U S Survey No. 42, in Section 32, T 18 N, R 20 E, M D M: Beginning at a post marked "H S P No. 1, W Q M Co, U S Survey, No. 42," identical with post No. 4, Division No. 1, Lafayette, U S Survey No. 42. and running, thence

First course—N 17 degrees .05 minutes W, 1,500 feet in westerly side line of Division No. 1, Lafayette, U S Survey No. 42, to post marked "H S P No. 2, W Q M Co, U S Survey, No. 42," identical with post No. 3 of Division No. 1, Lafayette, U S Survey No. 42, post No. 4 of Division No. 3, Mary Ann, U S Survey No. 42, and post No 1 in Division No. 4, Gladstone, U S Survey No. 42, whence the ¼ section corner in north line of Section 32, T 18 N, R 20 E, M D M, bears N 21 minutes W distant 1868 feet; thence

Second course—S 77 degrees 55 minutes W at 300 feet left center monument 600 feet to post marked "H S P No. 3, W Q M Co, U S Survey No. 42," identical with post No. 4 of Division No. 4, Gladstone, U S Survey, No. 42, thence

Third course—S 17 degrees .05 minutes E 1,500 feet to post marked "H S P No. 4, W Q M Co, U S Survey No. 42, thence

Third course—S 17 degrees .05 minutes east 1,500 feet to post marked "Glad. P number 4, W Q M Co, U S Survey, number 42 identical with post number 3 of Division number 2, Horseshoe, U S Survey number 42, thence

Fourth course—N 72 degrees 55 minutes E at 300 feet left center monument 600 feet to post marked "Glad, P number 1, W Q M Co, U S Survey number 42, the point of beginning, containing 20.66 acres.

Field notes of Division number 5, New Denmark, U S Survey number 42 in section 32, T 18 N, R 20 E, M D M: Beginning at a post marked "N D P number 1, W Q M Co, U S Survey number 42 and running, thence

First course—N 17 degrees .05 minutes W, 1,500 feet to post marked "N D P no. 2, W Q M Co, U S Survey, number 42," thence

Second course—S 72 degrees 55 minutes W at 300 feet left center monument 600 feet to a post in easterly side line of Division number 3, Mary Ann, U S Survey number 42 marked "N D P number 3, W Q M Co, U S Survey number 42," whence the ¼ section corner in north line of section 32, T 18 north, R 20 east M D M, bears north 20 degrees 31 minutes W, distant 1,040 feet, thence

Third course,—S 17 degrees .05 minutes E in easterly side lines of Division No. 3 Mary Ann U S Survey No. 42 and Division No. 1 Lafayette U S Survey No. 42 intersecting at 750 feet the post marked "M A P number 1 W Q M Co, U S Survey number 42" and "Lafayette P number 2 W Q M Co, U S Survey number 42" 1500 feet to post marked "N D P number 4 W Q M Co, U S Survey number 42" whence the post marked "Lafayette P number 1 W Q M Co, U S Survey number 42" bears S 17 degrees .05 minutes E distant 750 feet, thence

Fourth Course—N 72 degrees 55 minutes E at 300 feet left center monument 600 feet to post marked "N D P no 1 W Q M Co, U S Survey No. 42", the point of beginning, containing 20.66 acres. Bearings true, with a magnetic variation of 16½ degrees E. Total area of the above described five divisions constituting the Washoe Quicksilver Mining Company's claim contain 103 3 acres and is bounded on the south end lines of Division no 1, Lafayette U S Survey No. 42 and Division No. 2 Horseshoe U S Survey, No. 42, by the claim of Felix Monet.

The locations of the above described five divisions are recorded in the Recorder's office of Washoe county, Nevada, in Book A of Mining Locations, pages 493, 494 and 495.

Any and all persons claiming adversely any portion of said Division No. 1 Lafayette, Division No. 2 Horseshoe, Division No. 3 Mary Ann, Division No. 4 Gladstone and Division No. 5 New Denmark constituting the Washoe Quicksilver Mining Company's claim or surface ground are required to file their adverse claims with the Register of the United States Land office, at Carson City, State of Nevada, during the sixty days of publication hereof or they will be barred by virtue of the provisions of the Statute.

O. H. GALLUP,
Register.
